### **Adult Abuse Registry**

The DHSS Division of Long Term Care Residents Protection (DLTCRP) manages the Adult Abuse Registry.

DLTCRP maintains an Adult Abuse Registry (AAR) listing of all persons in the State of Delaware who have a substantiated case of abuse, neglect, mistreatment, and/or financial exploitation in their backgrounds. No health care service provider, nursing home or similar facility, or child care facility shall hire any person seeking employment without first checking the [Adult Abuse Registry](#).

Appeals: Any person who believes that the information reported from the AAR to the BCC is not accurate may seek a review of the listing by [contacting the Division of Long Term Care Residents Protection Adult Abuse Registry](#) and asking for an AAR-BCC review. If the review fails to resolve the issue, the individual's remedy is to seek an administrative review pursuant to [29 Del.C. Ch. 101](#).

Authority: [29 Del.C. §7970](#); [11 Del. C. §8564](#).
